STATE ASSAYER'S CERTIFICATE.

20 SAINT JAMES STREET, Boston, Mass., June 6, 1870.

Messrs. C. H. & J. F. Baker:

Gentlemen, I have analyzed your Orange Grove Bitters, "Spring Medicine" and Tonic for Ladies, which they are manufactured.

This is an aromatic preparation, containing no poisonous drugs, and will, I believe, be found a pleasant, safe and reliable tonic, well adapted to the purposes for which it is recommended by you.

Respectfully,
DANIEL HAYES,
State Assayer.

THE

Florence Sewing Machine,

Like "Gold Tried in the Fire,"

Is neither consumed nor injured by competition and opposition, fair or unfair, but on the contrary, it is daily and YEARLY combining more of excellence, and is JUSTLY POPULAR "FLORENCE," their every effort unavailing.

IT IS A FIXED FACT

That its reputation is *strengthened* by every *fair, practical* and *intelligent* trial. It stands the severest test of SPECIAL adaptation to every range and class of work that any other Family Sewing Machine is used.

It is Simple in its Construction.

If some interested party tells you it can't be complicated, come and learn what the Machine is for yourself. *It will tell ALL* for itself, if you will only do so. If you are told by the "dismissed" that the "Florence" will not run without a shuttle, come and see it tried, and you will be thoroughly convinced that said statements are *what they are!*

The "Florence" never fails to give entire satisfaction, after a Fair, Practical, Intelligent Trial.

EVERY MACHINE IS WARRANTED.

No risks sustained in purchasing the "Florence." All are respectfully invited to call at the Office and investigate their

Money Cannot Buy It

For Sight is Priceless!

THE DIAMOND GLASSES,

Manufactured by E. SPENCER & CO., New York which are now offered to the public, are pronounced by all the scientific Opticians of the World to be the MOST PERFECT, Natural, Artificial Aids to the human eye ever known.

They are so ground under their own supervision, from minute Crystal Pebbles, melted together, and thereby their name, "Diamond," is accordant of their hardness and brilliancy.

The Scientific Principle on which they are constructed brings the cord of centre of the lens directly in front of the eye, producing a clear and distinct vision, aside the no natural effects by sight, and preventing all unpleasant sensations. Such as glimmering and wavering of sight, dizziness, &c., peculiar to all others in use.

They are warranted by the finer manner in frames of the best quality of all materials used for that purpose. Their finish and durability cannot be surpassed.

CAUTION.—None genuine unless bearing their trade mark ⊂ stamped on every frame.

LOWELL & SPENCER,

Jewelers and Opticians, are Sole Agents for Bangor, Maine, from whom they can only be obtained. These goods are not supplied to Peddlers, at any price.

The first spike of the Denver, Pacific Railroad was driven by Governor John Evans on Friday last. The spike, which is of solid silver, was presented by the citizens of Georgetown, Colorado.

Colombia has intimated that the time has not yet come to grant the petition of the Orleans Princes. He adds that he will urge the removal of the restraints whenever it is safe and proper to do so.

The triennial convention of the Young Men's Christian Association held their first session at Indianapolis, on Sunday night, in two halls, on account of the large attendance, and adjourned to meet in Washington in 1871.

A temperance organization was formed at a meeting in Music Hall, Boston, Saturday, the special object of which is to enforce the Sabbath School children throughout New England in the cold water ranks. Governor Claflin presided and Mr. Gough delivered the address.

The total receipts of cotton at Liverpool from all ports, for the week ending June 23, were 30,000 bales. All but 1,000 came from the United States. The amount of cotton on hand there is estimated at 403,000 bales, besides 168,000 bales afloat to arrive.

The agents of the Rothschilds in New York city have taken two millions of the new seven per cent. city dock bonds, the proceeds of which will supply the funds necessary for the immediate inauguration of the proposed extensive improvements of the docks and piers of that city.

The extensive car shops of the Reading Railroad, at Reading, Pa., the finest of the country, were burned Sunday morning. Loss $150,000. Insured for $25,000. One hundred thousand feet of finished lumber, four passenger cars, eighteen wooden cars, half a dozen freight cars, &c., were destroyed, and 300 workmen lost all their tools.

At Washington special states that the leading features of a report agreed upon by the Conference Committee on the Currency bill, are the retirement of the 3 per cent. the redistribution of twenty-five millions of the existing national banking currency, and a free banking business on a gold basis.

A severe storm occurred at McConnellsburg, Pa., Sunday afternoon, accompanied by rain and hail, by which one-half of the Court House roof was torn off and carried some distance and the new Methodist Episcopal church badly injured, the walls of both ends being shaken from the foundation.

Great excitement prevailed in Madrid yesterday in consequence of the discovery of a plot to blow up the powder magazine of the Fortress of Gibraltar. Fenianism is supposed to be at the bottom of the conspiracy. The Englishman has been arrested.

At a mass meeting in Montreal on Saturday night, to consider the extent of the support to be received in future from the Imperial Government, Sir John Young's statement that the time had come when Canada should become an independent nation, was cheered loudly by the greater part of the vast assembly.

The detectives on Saturday, found secreted in four houses in West Albany, N. Y., large quantities of shoes, boots, rubber goods and ladies' writing desks, stolen from the freight trains on the New York Central Railroad.—Switchman Stephen Monahan made a full confession, implicating the brakemen on the freight trains.

The recent burglary of Cuban bonds in New York, is supposed to have been committed by professional experts of that city, hired by Spanish spies, in the expectation of discovering a clue to important government movements soon to be inaugurated by the Cubans. The correspondence obtained will not compromise any of the Cubans now in Spanish prisons.

Capt. Williams of the steamship Paraguay, which arrived in New York from Havre, yesterday reports that the weather experienced on the trip was most extraordinary for June, and but for the temperature might have been considered a thorough winter passage.

The proceedings of the Conference were marked by great harmony and earnestness, and the deepest interest was sustained throughout.

LETTER FROM SOUTH NORRIDGEWOCK.

SOUTH NORRIDGEWOCK, June 24.

To the Editor of the Whig and Courier.

The annual exhibition of the Union Family and Day School was held in the Congregational Church in this town Thursday afternoon of the present week. The exercises consisted of declamation and reading by the pupils for prizes.

Salutatory—Henry P. Milliken, Burnham.

Song by Emigration—Annie F. Butler, So. Norridgewock.

Blessings of Education—Henry S. Fellows, Boston.

St. John—A. T. Adams, So. Norridgewock.

An appeal for the Union—Fred H. Hodgman, Temperance Harbor.

Two Roads—Frank W. Taylor, South Norridgewock.

A Passing Wish—Grace M. Crosby, do.

Regulus to the Carthaginians—Charles W. Forrand, Mercer.

Reply to charges against Catholicism—Geo. C. Norwood, Camden.

Conversion of St. Paul—Angie S. Sawyer, South Norridgewock.

Blennerhassett's Temptations—Charles H. Lowe, Mercer.

Universal Freedom—Rev. S. Collins, No. Anson.

Pipes of Pan-down—Jennie E. Butler Starks.

Death of Hamilton—Fred A. Stevens, Farmington.

The News of the Day—Katie E. Watson, South Norridgewock.

Richard's Address to the Roman's—Edwin E. Whiting, South Norridgewock.

The Bible—Emma M. Sawyer, do.

Resignation—Mary T. Freet, do.

Speech of Ringan Gillaire—R. M. Eaton, Norridgewock.

The Spirit of Patriotism—G. Mayo, Edgecomb.

Death of the Old Year—Clara A. Junkins, South Norridgewock.

The Diver—William T. Blunt, East Somerville, Mass.

The City of Boston—Ella M. Thurston, Carmel.

Speech of Virginius to the Army—Lyman S. Walton, Mercer.

Valedictory—Carrie E. Hopkins, Stowhegan.

The speaking and reading developed much talent for pupils so young. The reading of the thrilling poem, The City of Boston, referring to the ill-fated steamer, by Miss Thurston of Carmel, elicited much applause from the audience. The Judges awarded the prizes as follows:

Declamation—William T. Blunt, East Somerville, Mass.

Reading—Miss Mary T. Freet, South Norridgewock.

Composition—Lyman S. Walton, Mercer.

Penmanship—John Sawyer, South Norridgewock.

The pupils held a Strawberry Festival in the evening, which was greatly enjoyed by all present, especially by the Principal and Assistant, who were made the recipients of a number of handsomely bound Poems. The music for the afternoon and Festival was furnished by the Skowhegan Brass Band.

POLITICAL AND PERSONAL.

The Earl of Clarendon died, suddenly on Sunday, from an attack of diarrhœa. He was 70 years of age.

The Emperor Napoleon has been advised by his physicians to go to the Springs for three months and take mineral baths.

Exaggerated reports of the illness of the Emperor Napoleon continue to be circulated, probably intended to influence the Bourse.

The Fenian Generals Starr and Thompson pleaded not guilty at Canandaigua yesterday morning, and moved through their counsel for a postponement of the trial.

Gen. Sherman visited the Shoe and Leather exchange in Boston Saturday, and was made an honorary member. He was received with hearty cheers, and expressed his thanks in a brief speech.

The following nominations were sent to the Senate yesterday: Gen. Coggswell for Collector of Internal Revenue of the 6th District of Massachusetts, vice U. S. Howe resigned. 1st Lieutenant W. B. Kennedy, to be Captain in the 10th Cavalry. 2d Lieutenant Oliver Elwood, to be 1st Lieutenant of Artillery.

Information being received in Concord, N. H., that two car loads of members of the late Massachusetts Legislature are to visit that city on Wednesday, considerable anxiety is manifested lest their chronic inclination to sit may prove contagious and prevent the adjournment of the New Hampshire Legislature at the time fixed on, July 2d.

Gen. Sheridan has returned from an extended tour through the Indian country during which he has travelled over 6000 miles.—The most distant point visited was Fort Benton. Throughout the entire journey he was unmolested by the Indians, although while passing through the country of the more hostile tribes he had an escort of cavalry.

Francis B. Cutting, a prominent lawyer and ex-Congressman of New York city, died at his residence there on Sunday morning, aged 65 years. He gained considerable notoriety while in Congress in 1863 and 1864, through a personal quarrel with John C. Breckinridge of Kentucky. During the war he was a leader of the war democracy.

Vegetine.

What is Vegetine? It is a compound extracted from barks, roots and herbs. It is Nature's Remedy. It is perfectly harmless from any bad effect upon the system. It is nourishing and strengthening. It acts directly upon the blood. It purifies the nervous system. It gives good, sweet sleep at night. It is a grand panacea for our aged fathers and mothers, for it gives them strength, quiets their nerves, and gives them Nature's sweetest sleep, as has been proved by many an aged person. It is the great Blood Purifier. It is a soothing remedy for our children. It has relieved and cured thousands. It is very pleasant to take; every child likes it. It relieves and permanently cures all diseases arising from an impure state of the blood. Give it a fair trial for your complaints; then you will say to your friend neighbor and acquaintances, they, it has cured me."

SENATE.

The tax bill came up, and Mr. Sherman, chairman of the Finance Committee, stated that as the result of the consultation they had agreed to let all income taxes go, and as a substitute, retain the tax on sugar, and also the tax on gross receipts. He said that the House proposition for the classification of the tax on sugar had been objected to by business men throughout the country, and the Senate Committee classification had encountered an equally strong opposition. The remaining sections of the bill would clear up the ambiguities in reference to the tax on dividends of corporations such as Insurance Companies, and relative to the Shakers and other religious societies.

The income taxsections were then taken out without a division.

Mr. Sherman offered a new section to continue the tax on corporation and bankers during this year.

This section was agreed to, and various others submitted to Mr. Sherman to prepare the recommendations of the Finance Committee.

The tariff sections having been reached, the amendment striking out the duty of five cents per pound on chicory, madder and dandelion roots, and all other substitutes for coffee, was agreed to, and that abolishing the classification of sugars as arranged by the House was rejected after a long discussion—28 to 29.

The Southern Senators generally with Anthony, Cragin Morrill of Vt., Morrill of Me., voted in favor of striking out the 5 cent section, and Messrs. Edmunds, Ferry, Frelinghuysen, Sprague, Stockbridge and Wilson in favor of retaining it, during the discussion.

An amendment was offered by Mr. Yates, prohibiting hereafter all taxes on tea, coffee and sugar.

The death of Representative Hinton, of N. C., was announced, and the customary eulogies and resolutions were offered.

The Senate then took a recess.

At the evening session the Texas Pacific Railroad bill was passed, with amendments requiring that the gauge of the road be five feet, from Marshall, Texas, to San Diego, Cal., that only iron and steel used be purchased in the United States, and permitting the Southern Pacific Railroad, of California, to connect with the road by a branch.

Adjourned.

HOUSE.

A bill was passed for the distribution of the sum of all moneys paid or to be paid by the Republic of Venezuela for claims of citizens of the United States, under award of the mixed commission under the treaty of April 25, 1866.

Mr. Davis of N. Y., introduced a bill to authorize the issue of four per cent bonds, exchangable for and convertible into Legal tender notes at par—referred to the Committee on Ways and Means.

A resolution was adopted, instructing the Committee on Ways and Means to report to the House forthwith a bill to include the present duties on all class of salt at 10 per cent.

The funding bill was made a special order for to-morrow.

The Senate amendments to the Consular and Diplomatic appropriation bill were concurred in, and a Committee of Conference ordered.

A bill was passed allowing the estate of Louis M. Edgar from the legacy and stamp act.

Mr. Butler of Mass., from the Judiciary Committee, reported back adversely the Senate bill to change the Judicial Circuit. Laid on the table.

Mr. Davis of N. Y., asked to report a bill to punish crimes and frauds at certain elections.

Mr. Brooks of N. Y., objected, saying that if his colleague wanted to fix the election in the New York Legislature the House had better postpone the adjournment until November.

The House then went into Committee of the Whole on sundry civil expenses.

An appropriation of $120,000 was voted to increase the supply of water in Washington, the water rents to be applied to the improvement and repair of the aqueduct.

The items for the work on the Capitol were attacked by the Missouri members. Messrs. McCormick, Benjamin and Finkelnburg, and defended by Messrs. Bass of Mass. and Schenck of Ohio.

Mr. Schenck said that the sale of the old moving the capital was all bosh. And so far as finance was concerned, the railroads pretty nearly abolished all distance and the telegraph abolished all time.

A proposition by Mr. Farnsworth of Ill., to widen the doors between the House and Senate chamber considerably, was agreed to.

Mr. Dawes of Mass., remarked that the architect stated that it would enlarge the dome, and assured the republicans on the Republican side of the House that they would not have occasion to pass from the House to the Senate, and they might console themselves lucky if they ever got back to the House.

Mr. Farnsworth withdrew his motion.

A discussion arose between Messrs. Farnsworth and Davis in reference to the item to pay Paul S. Forbes the balance due him of $7,350 under a contract with the Navy Department for a steam engine for the Algonquin.

Mr. Farnsworth moved to strike it out. He deprecated the Committee on Appropriations for reporting it and expressed the opinion that the chairman of the committee (Mr. Dawes) was like Joey Bagstock, "up to snuff."

Mr. Dawes retorted on Mr. Farnsworth in being so constituted that he could not believe any one else to be honest and intimated that he did not desire to be measured by the gentleman from Illinois' standard of morality. The item has been reported because the Secretary of the Navy said the balance due the man was not a claim, but a debt.

Mr. Farnsworth's motion was rejected and the Committee rose.

Mr. Garfield, from the Committee on the Currency bill, made a report and said he would call it up for action to-morrow.

The House then adjourned.

CABLE NEWS.

London, June 27. Senor Gazerriez gave a dinner at Richmond, at which Mr. Squires, the explorer of Central America, the Prussian and Persian Ministers and other important persons were present. The question of connecting the Atlantic and Pacific oceans by canal was discussed, and the merits of the scheme were advocated by Senor Gazerriez and thoroughly explained.

Lord Clarendon was prostrated by excessive labor, and had for a long time been subject to violent attacks of gout. The immediate cause of his death was diarrhœa. When first attacked he paid no attention to the disease, which operating on a debilitated system, soon became dangerous, and within three days terminated fatally.

The reports of the intended recall of Mr. Motley excites surprise and are not credited.

THE EXPLOSION AT WORCESTER.

WORCESTER, Mass., June 27.

The Coroner's Jury has been in session all day. Some important witnesses were examined, including Hugo Dilmar, Herr of Carl Dilmar, patentee and manufacturer of Dualin, and T. P. Shaffner of New York, manufacturer of nitro-glycerine and patentee of several explosive substances, for which nitro-glycerine is a component part. The ingredients of the car were plainly shown to the jury. Seven cases of Dilmar's patent of Dualin, similar to those of the Dilmar brothers, were on hand having arrived at the depot and a box containing 10000 of percussion caps, used in connection with the dualin—all of which was consigned to the Hermes Dilmar testified that the dualin he had made was without the introduction of nitro-glycerine, which is contrary to the showing of the patent. A copy of which was produced for the inspection of the jury. Several Scientific men were present, and experiments with various explosives.

The interest in the affair is very great, and many important facts in relation to explosions will be brought out before the close of the inquest. Probably Saturday night the Jury will report.

THROUGH THE WHEAT.

BY FLORENCE PERRY.

Once, when my heart and I were young,
We wandered restless by sea and strand,
And lingered a little space among
The grassy valleys of Switzerland.

Where watchful summits forever frown,
Through all the changing, clear and keen,
While happy hamlets smile between:

Where rapid forests whistling run,
Leaping the cliffs in strength and pride,
Like snow-white ribbons, in wind and sun,
Fluttering down the mountain-side;

Where smoke-like openings of tender blue
Dapple the slopes in sunny spots,
And scarcely chime on a scarcer row,
To drifts of fairest forget-me-nots.

Often at eve, when the sun was low,
And the mountain shadows grew dark and vast,
I watched the cottagers, wending slow
Home to rest when their toil was past.

Two walked lovingly side by side;
Speaking softly, no lovers spoke—
He with an air of manly pride,
She with a blush on her sun-browned cheek.

Hand in hand, through the evening red
They went—through the shadows damp and sweet—
Choosing a narrow path that led
On and on through the growing wheat.

Sunset touched him still rosy light,
Sunset brightened her loosened hair—
Poor and plain, they were fair to sight,
For youth and love are forever fair.

And often as sunset charms the air—
For the time and scene are vanished now—
I think of that simple, happy pair
And wonder whether they kept their vow—

Whether under some mossy roof
Their wedded spirits serenely blent,
They wore the even kneep and woof
Of their quiet lives in calm content;

Or whether they parted in scorn and wrath;
As they had loved it was done before,
And choosing each a separate path,
Were thenceforth strangers for evermore.

Or whether still, as across the land
The dusky shadows grow damp and sweet,
Perennial lovers, with hands in hand,
They walk, knee-deep, in the growing wheat.

Never fails to cure Liver Complaints, Jaundice, Dyspepsia, Costiveness, Headache, Dizziness, Biliousness, Eruptions on the Skin, Humors of the Blood, and all complaints caused by Injured Blood, Obstructed Circulation, or a Deranged and Diseased Condition of the Stomach, Liver, Kidneys and Bowels.

If you are Sick, try these Bitters. The very first dose will do you good.

[Read the following, which Mrs. D. Kibbie, of Great Falls, wrote us July 10, 1869:]

I desire to give my testimony as to what your Bitters have done for me. For ten years I was not able to do my own work, owing to a disease of the liver. My liver was much swollen, and (when the doctor) I could get no relief, some prognosing no incurable. A friend recommended your Bitters, and I immediately procured a bottle, which helped me right away. I have taken four bottles, and my liver is reduced to the natural size, and my health is completely restored. I think it is the best medicine now in use for liver complaints. I have recommended it to my friends and they are using it and feeling greatly improved by it.
